

## Ranger Relays – September 30, 2017

The Mustangs competed against several of the top teams in the DFW area at Ranger Relays. Out of 17 events the team finished in the top eight 12 times, with 7 top 5 finishes and even some second place finishes. The Mustangs were led by a mixture of experienced swimmers and very young swimmers. During the shootout the Mustangs were out touched by .01 or they would have gone on to finish 2nd. It was a great effort and the team settled for 5th out of 15 teams. That's the best finish in school history for this meet. The Mustangs had two DQ's which cost the team a few spots. Overall the effort was good and the team performed well. Coach Ewing and Coach Meager were pleased with what they saw and feel confident in the team as the season continues.

### Swimmers of the Meet
